Claims 19-21, 24 and 34 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 19 and 34 still recite a compound which appears to have a carbon atom with 5 bonds, R-CH<sub>3</sub>-OH. Claim 24 still lacks an arrow between the two sides of the chemical reaction. It is noted that applicant has amended the claims to remove the parentheses, but these were not the reason for this rejection. Instead, this rejection is based on the property of carbon atoms to form 4 bonds, not 5.

Claims 1-18, 22, 23 and 25-33, for reasons of record, are allowed. Claims 26 and 28 now recite the arrows within the chemical reactions.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
